

John Adams, our 2nd President and Vice President under Washington said...

“I am apt to believe that [this event] will be celebrated, by succeeding generations, as the great anniversary festival. It ought to be commemorated, as the day of deliverance... It ought to be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires and illuminations, from one end of this continent to the other, from this time forward forever more.”

John and Abigail would today be most pleased by your contribution to our celebration of this epic event!
